Author's name and institution: **Zsuzsanna Kissné Miklós**, Benedek Elek Kindergarden, Ovi-Vár Nursery School, Eger, Hungary

Formal and/or non-formal educational setting: **Formal**

Most relevant age group: **3-5, 5-7 years old**

Description of the idea / problem / exercise: **Forms and Colors**

We draw the Poly-Universe elements and/or simple shapes on a card, then the children are asked to color them in, while the older ones copy the elements and shapes from the picture.

- *Why this exercise is good:* It greatly improves children's observation skills and memory, while coloring develops fine motor skills.
- *Has anyone tried this? If yes, when and where?:*
- *Notes:*
